RAHUL SARKAR

B.Tech ECE Student | RTL Design & Verification Intern

West Bengal, India
Phone: 8967348784 | Email: rahuls733128@gmail.com
LinkedIn | GitHub

PROFESSIONAL SUMMARY

B.Tech student in Electronics and Communication Engineering with a Diploma in Computer Science and Technology. Interested in Digital Design, RTL Design and Functional Verification. Familiar with Verilog HDL fundamentals, RTL concepts, Digital Logic and basic Testbench Development. Hands-on experience in an ESP32-based sensor monitoring project with Firebase integration. Eager to apply technical knowledge and develop practical skills in RTL Design and Verification.

TECHNICAL SKILLS

HDL and Digital Design: Verilog HDL Fundamentals, RTL Design Concepts, Basic Testbench Development, Digital Logic Fundamentals, Combinational and Sequential Logic.

Programming Languages: C, C++.

Embedded Systems: ESP32, Arduino IDE, MQ-135 Gas Sensor, DS18B20 Temperature Sensor.

Web Technologies: HTML, CSS, JavaScript.

Tools and Platforms: VS Code, Git, GitHub, Firebase Realtime Database.

Other Technical Knowledge: DBMS, Computer Networking, Data Structures and Algorithms.

PROJECT

Air Quality and Temperature Monitoring System using ESP32 and Firebase

• Developed an IoT-based monitoring system using ESP32, MQ-135 gas sensor and DS18B20 temperature sensor.

• Collected air quality and temperature readings and transmitted sensor data to Firebase Realtime Database.

• Developed a web dashboard using HTML, CSS and JavaScript to display sensor readings.

GitHub: View Project

INTERNSHIP EXPERIENCE

CNS Internship – Bagdogra Airport

• Participated in an internship focused on Communication, Navigation and Surveillance (CNS) systems.

• Gained exposure to airport communication, navigation and surveillance operations.

EDUCATION

B.Tech in Electronics and Communication Engineering

Maulana Abul Kalam Azad University of Technology (MAKAUT), West Bengal | Currently Pursuing | Expected Graduation: 2027

Diploma in Computer Science and Technology

Three-Year Diploma Programme – Completed.

CAREER INTEREST

RTL Design, Verilog HDL, Digital Design, Functional Verification, ASIC/FPGA Fundamentals and Hardware Debugging.
